Teen Entrepreneurship Summit

WEST VIRGINIA CHAMBER

Ohio-West Virginia State YMCA

Teen Entrepreneurship Summit is a project focused on economic education, civic leadership, and service.

Why . . .

Have fun while learning.

Hands on teambuilding, service, communication, living with others, and entrepreneurship.

Become all you can be—expand your mind—open up to possibilities with an exciting group of teens, dynamic college age camp counselors and successful entrepreneurs in a new approach to learning.

We'll practice the principles of private enterprise, get the basics of starting a business, identify behaviors and personal

qualities necessary for success, build community, make connections with teens from across the state, and learn how to make differences for good.

Learn the basics of entrepreneurship by creating your own business from the ground up with your business team!

Plus, we'll meet entrepreneurs to hear their success stories.

"This is completely amazing—even without cell phone service!"

Dare to Succeed

It's easy to keep doing the things you have always done...doing that will insure you will continue to get what you have always gotten.

Why not step away from your comfort zone and spend just one week—only 2% of a year—to learn new skills that might make a BIG difference in your life and future?

"I loved it. It is a blast. You get to do fun activities and learn at the same time."
