Here is what I will tell my friends about this Summit

When I first came here I was so worried to be myself. Then the second day I felt it was alright to be who I really was. I knew no one was going to judge me.

I learned to work as a team and you get things done faster. I learned how to be more responsible and outgoing too.

All the days I've been here I've learned different things about everyone. No one here judges each other and you can be yourself. The people here are always accepting and real.

I met new friends, learned new skills, and feel more confident.

I was very nervous the first day. When I saw people were the same, I broke the shell. I'm glad I came here and got to experience these things. The best fun of my life was Horseshoe!

I really liked it here. The food was great, the counselors were good, and the campers were accepting of me. Once I got here for about twenty minutes I knew this week would be good.

At Horseshoe I changed and experienced so much more than at other camps.

Here they teach you great things like leadership, working as a team and just to be yourself.

When you come here you want to be yourself, you want to let people see who you are.

I had so much fun here!

I can honestly say my experiences at Horseshoe were life-changing. I've never had more confidence in myself and it has brought me out of my shell. The food is amazing and every single activity is enjoyable.

This camp is very encouraging to the body, mind and soul. There is no judging here, just encouragement. No matter how or what you act like, Horseshoe will always point you in the right direction.

Horseshoe is an amazing place to learn leadership, meet new people, and have fun. Horseshoe helped change my life. I learned a lot about working with others and working independently.

This week has been very motivating. I met so many new people. I'll be back next year. In the meanwhile, I will help start HI-Y in my school.

My week at Horseshoe changed me. I realized to be me, to do new things and to come out of a quiet shell is easy at Horseshoe. Horseshoe has changed how I look at nature and at people.
