Come Join Us!

Spring! That sounds like it's time to think about getting out a bit more due to warmer weather. To make your spring even more rewarding come join the staff at Camp Horseshoe for a fun filled three or four days packed with wonderful things to sew and wonderful fellowship also. The weekend will be filled with small and large projects some of which you have requested.

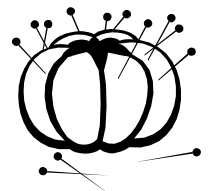

We will have time to spend with friends, make new friends and make wonderful items picked just for YOU!!! **It is the perfect place to spend quality time with your sewing machine and quilting friends.** Come enjoy Horseshoe's relaxed atmosphere, take advantage of this time to start a new project or catch up on those projects you have started and just haven't found time to complete. While sewing you can enjoy the beauty just outside the windows of our sewing areas. We will be staying our nights in a warm cabin with a warm bathhouse close by or in the newly completed McManus Center with all the conveniences of home. We will be totally spoiled, just quilting, eating and some sleep too.

Instructors for this retreat are: Karin Rodeheaver (Bayard, WV) Hollywood Blvd. or some of us are calling this Shadowed Star Quilt pattern by Judy Martin; Lorryne Corley (Elkins, WV) Nine Patch/Snowball; Mary Smith, Four Corners Apron; Betty Ends (St. George, WV) quilt as you go Placemats and we will also have a MYSTERY project for your sewing enjoyment. All you need to do is select the pattern(s), *(please be careful not to put yourself on overload - you can only do so much in one weekend)* **make sure your machine is in good working order**, start gathering your fabric and pack your bags. Remember it's your weekend to do just as you want with no obligations other than to yourself.

Just fill out the registration and mail it to me ASAP. I will then send you the schedule, instructions, supply listing for projects and what to bring list for our quilting weekend.

I look forward to hearing from you.

It seems to me we can never give up longing and wishing while we are thoroughly alive. There are certain things we feel to be beautiful and good, and we must hunger after them. *George Eliot 1819-1880*
