Actual Program Costs

Programs cost the HI-Y Leadership Center more than fees charged. Lower fees are offered to help as many participate as possible. In exchange, the HI-Y Leadership Center needs everyone's help. Submit Participation Agreements, Fees and then all other program materials on time. We have too few staff handling all this. We must process one program before the material for the next one arrives in the office. Since we do programs in two states that means we are working with two of everything, two sets of deadlines, etc. all with just a few days between each state's deadlines. Help us control costs - remember costs are already more than the fees charged. Late fee of \$25 per student for anyone who does not meet final deadlines for UN or YG.
